## Presentation

The Cámara Argentina del Libro presents its third catalogue of rights of Spanish language publications of Argentine and other Spanish language authors.

This year, Argentina will be the guest of honor at the Frankfurt Book Fair, the most important world event in publishing. This has generated a growing interest among Argentine publishing companies in the promotion of the best-known works in their vast collections.

In this issue can be appreciated a variety of topics from many different Argentine publishers. It is evident the valuable and up to date contents, the quality of the authors and the value of the contents, so we hope this catalogue will spark the interest of publishers of other languages.

Our catalogue features publications in areas such as Literature, Humanities, Social Sciences, Religion, Art and Design, Technology and books for children and adolescents, among others. It is organized alphabetically by publisher and includes all technical information and bibliographical data on each book as well as a description of the work, author(s)' biographies and images aimed at making information accessible to all those interested in the Argentine Publishing world.

The same catalogue is available on our website ([www.editores.org.ar/rightscatalogueargentina2010](http://www.editores.org.ar/rightscatalogueargentina2010)).
